

For Immediate Release

03/11/2011

PRESS RELEASE:

Pôle Refit, La Rochelle to sponsor PYA AGM.

Wednesday 9th November,
La Maison des Associations, Antibes.

'**Pôle Refit La Rochelle**' (**PRLR**) - A Corporate member of the PYA since 2009 is sponsoring the PYA Annual General Meeting 2011 on Wednesday 9th November at 18.00 hours at our new venue, the Maison des Associations, 288, Chemin de Saint-Claude, 06600, Antibes. Following the success of the workshop at the Yacht Club of Monaco last year, the PYA has invited the **Norwegian Hull Club (NHC)** to give another interesting workshop on emergency response directly after the AGM from 18.30 to 20.00 hours. This will include lively audience participation.

The evening will conclude with wine and canapés donated by **Fine Wine Works** and **Shore Solutions UK**.

PRLR is an association of companies which offer yacht construction/refit/repair services and facilities in and around the Port of La Rochelle. Their aim is the promotion and marketing of the various companies with a view to attracting yachts to the area. Their website, both in French and English is at <http://www.polerefit.com/> and hard copies of their brochure will be available at the AGM.

The PYA, as a non profit making association, is legally obliged to hold an Annual General Meeting. Usually this is only for members but to allow a wider audience to participate in the NHC workshop, we have opened the AGM up to non members too. This will also give an insight into the activities of the PYA, so bring your friends and colleagues along.

NHC operates worldwide and is one of the major insurers of commercial shipping and yachts. It has a team dedicated to contingency response which deals with more than 1500 claims annually. The speakers are all part of this team and are pleased to share their first -hand experience and lessons learned from these claims.
